EURAXESS BRAZIL

Funding opportunities

Dear Colleagues,

EURAXESS Brazil Funding opportunities is a list of open calls to fund researchers' mobility, compiled by the EURAXESS Brazil team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegation of the European Union to Brazil.

Please email brazil@euraxess.net with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Editors: Charlotte GRAWITZ, EURAXESS Brazil, Country Representative, Ingrid Le Van, Programme Officer

As you know, the new [EURAXESS Portal](#) brings new functionalities to researchers, entrepreneurs, universities and businesses. Amongst them, you will find a brand new [Funding database](#) allowing you to search for the funding programme you need for your mobility or research cooperation project. Funding organisations can publish their funding opportunities and scholarships in it to increase their visibility and reach the best candidates worldwide.

We will continue publishing a compilation of open calls to fund researchers' mobility and cooperation with European teams in the coming months to help you identify these opportunities easily. Nevertheless, the frequency may be reduced. This edition is valid for November and December.

The **grants & fellowships** listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality and stay at your disposal to discuss your project.

Your EURAXESS Brazil Team

Grants & Fellowships

1 European Union

1.1 [Horizon 2020 – Work programme 2018-2020 out now!](#)

The European Union's Horizon 2020 Work Programme 2018-2020, including preliminary information on all calls to be launched until 2020 has now been published. **SEE [HERE](#) FOR CALLS SPECIFICALLY OPEN TO BRAZIL.**

[Horizon 2020](#) is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports scientifically-excellent research, innovation, and technological development, through **collaborative research projects** as well as **grants and fellowships to individuals**. It is open to the world, so Brazilian researchers are very welcome to get involved.

Horizon 2020 offers a large variety of funding opportunities for [research and innovation activities](#) through calls for proposals that are set out in the Horizon 2020 work programme. Access all open calls on the [Horizon 2020 Participant Portal](#).

The Brazilian National Council of State Funding Agencies ([CONFAP](#)) encourages the participation of Brazilian researchers under Horizon 2020 calls. Several FAPs ([FAPESP](#), [FAPESC](#), [FAPEG](#), [FAPEMIG](#), [FAPDF](#), [FAPES](#), [Fundação Araucária](#), [FUNDECT](#)) expressed interest in funding researchers from their states to support their participation in H2020 calls and published [guidelines](#) with instructions to this end.

1.2 [ERC Consolidator Grants](#)

What are the ERC Consolidator Grants?

ERC Consolidator Grants are designed to support excellent Principal Investigators at the career stage at which they are consolidating their own independent research team. Up to €2.75 millions are available for projects of up to 5 years duration.

Who can apply?

Researchers of **any nationality with 7-12 years experience** since completion of PhD (Extensions are possible under certain circumstances — see the latest ERC Work Programme), a scientific track record showing great promise and an excellent research proposal.

How much?

Consolidator Grants may be awarded up to **€ 2 million for a period of 5 years**. (pro rata for projects of shorter duration). However, an additional € 0.75 million can be made available to cover eligible “start-up” costs for researchers moving from a third country to the EU or an associated country and/or the purchase of major equipment and/or access to large facilities.

An ERC grant can cover up to 100% of the total eligible direct costs of the research plus a contribution of 25% of the total eligible costs towards indirect costs.

Location

European Research Council

Established by the European Commission

European Research Council (ERC) funding schemes are open to top researchers of any nationality or age who wish to carry out their frontier research in the 28 EU Member States or associated countries.

Brazil and ERC:

To date, seven Brazilian researchers have been awarded ERC Starting and Consolidator Grants.

They are (picture left to right - Click on the blue names to read their interviews):

- The leading mathematician [Artur Avila](#) for his "Quasiperiodic" project;
- [Aureo de Paula](#) for his project on "Econometric Analysis of Interaction Models." ;
- [Elison Matioli](#) for his project "IN-NEED" on energy efficiency;
- [Bernardo Franklin](#) for his Plat-IL-1 project on inflammasomes
- [Eduardo Lee](#) for his project TOPOQDot on topological materials
- [Roberto Rinaldi](#) for his LIGNINFIRST project on lignocellulosic Biomass;
- [Mariana de Campos Françoze](#), for her BRASILIAE project.

Prof. Moacyr MARTUCCI Jr, +55 11 3091 5626, mmartucc@usp.br & cecilia.yamanaka@usp.br

Research must be conducted in a public or private research organisation (known as a Host Institution/HI). It can be the HI where the applicant already works in Europe, or any other HI located in one of the EU [Member States](#) or [associated countries](#)

Important information on the call is included in the ERC Work Programme 2018 and especially in the [call-specific Information for Applicants](#). The mandatory templates are available from the Participant Portal.

Deadline: **15 February 2018**

About the [ERC](#):

Set up in 2007 by the EU, the [European Research Council](#) is the first pan-European funding organisation for frontier research. It aims to stimulate scientific excellence in Europe by encouraging competition for funding between the very best, creative researchers of any nationality and age. The ERC also strives to attract top researchers from anywhere in the world to come to Europe. It funds young, early-career top researchers ('[ERC Starting grants](#)'), already independent excellent scientists ('[ERC Consolidator Grants](#)'), and senior research leaders ('[ERC Advanced Grants](#)').

Please, note that ERC grants support projects carried out by an individual researcher ('Principal Investigator') who can **employ researchers of any nationality as team members**. It is also possible to have one or more team members located in a non-European country.

Vacancies for team members interested in joining an ERC led research project, can be published on the [Euraxess-Jobs portal](#).

1.3 [ERC Proof of Concept Grant 2018](#)

Additional ERC funding scheme for researchers of **all nationalities** who already got an ERC grant (Starting, Consolidator, Advanced or Synergy) which is either ongoing or where the project has ended less than 12 months before the publication date of an ERC Proof of Concept call. The grants are worth up to €150,000 for a duration of up to 18 months.

Deadline: **16 January 2018**

1.4 [Marie Skłodowska-Curie Actions – Open call to select Innovative training networks \(ITN\)](#)

Innovative Training Networks (ITN) is the **main European doctoral training programme**, putting a special emphasis on non-academic sector participation and the innovation dimension. Innovative training networks bring together **complementary institutions from different countries worldwide** to train a new generation of researchers.

It is funded under the [Marie Skłodowska-Curie actions/ Horizon2020 European Union funding programme](#).

The call will be **open to consortia of organisations** such as universities, research centres or companies, that propose a research training network, including **Brazilian institutions**. There are three types of **Innovative Training Networks**:

1. European Training Networks (ETN)

Joint research training, implemented by at least three partners from in and outside academia. The aim is for the researcher to experience different sectors and develop their transferable skills by working on joint research projects.

The organisations should be established in at least three different [EU or associated countries](#). Additional participants from any organisation anywhere in the world, **including Brazil** can also join a network.

2. European Industrial Doctorates (EID)

Joint doctoral training delivered by at least one academic partner entitled to award doctoral degrees, and at least one partner from outside academia, primarily enterprise. Each participating researcher is enrolled in a doctoral programme and is jointly supervised by supervisors from the academic and non-academic sector, where they spend at least 50% of their time.

The aim is for the doctoral candidates to develop skills inside and outside academia that respond to public and private sector needs.

The organisations should be established in at least two different [EU or associated countries](#). A wider set of partner organisations from anywhere in the world may also complement the training.

3. European Joint Doctorates (EJD):

A minimum of three academic organisations form a network with the aim of delivering joint, double or multiple degrees. Joint supervision of the research fellow and a joint governance structure are mandatory. The aim is to promote international, intersectoral and multi/interdisciplinary collaboration in doctoral training in Europe.

The organisations should be from different [EU or associated countries](#). The participation of additional organisations from anywhere in the world, including from the non-academic sector, is encouraged.

The maximum duration of an ITN project is **four years**. Calls are annual.

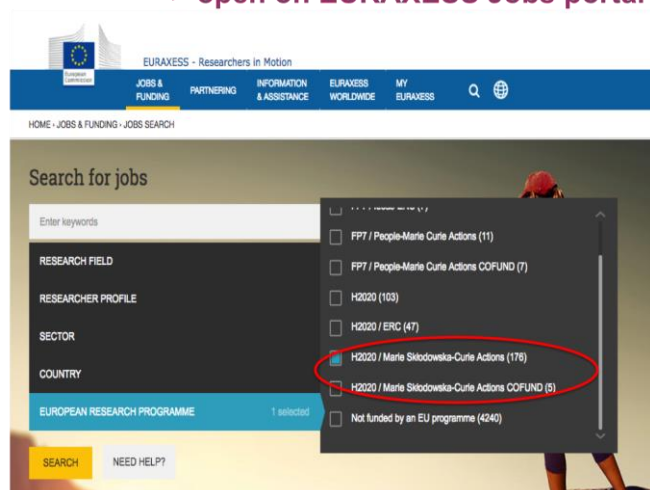

Read the [guide for applicants](#) for more details.

Deadline: **17 January 2018**.

Please, note that the call is **not open to individual researchers/students**.

Brazilian researchers interested in high quality doctoral-level training in and outside academia can apply to the PhD positions created by these networks, including Industrial Doctorate and Joint Doctorate. They are advertised on the [Euraxess Job portal](#).

**PhD in Europe (ITN/Cofund)
=> open on EURAXESS Jobs portal**

Find **many other calls** funded by the European Commission, Member states and associated countries and Brazil in the [still open section](#) below.

The Water JPI 2017 Joint Call is funded by 12 Funding Partner Organisations from 12 countries, for a global estimated budget of €8.55 Mio. The Brazilian partner is the Brazilian National Council for the State Funding Agencies CONFAP.

This Call is for collaborative transnational research proposals.

1.5 Horizon 2020 - [All Atlantic Ocean Research Alliance Flagship – Brazilian institutions funded](#)

European Union call under H2020 will be investing € 33 million to fund research in the Atlantic. In addition to being the first step towards the implementation of the commitments made by the countries in the Declaration of Belém, the call meets the United Nations' Sustainable Development Objectives, especially item 14, "to conserve and sustainably use the oceans, seas and resources for sustainable development."

This is [one of the flagship initiatives](#) launched in H2020 Work programme 2018-2020.

Proposals shall include participants from South Africa and Brazil. Under this topic, **LEGAL ENTITIES ESTABLISHED IN BRAZIL ARE ELIGIBLE FOR FUNDING FROM THE UNION.**

Deadline: **13 February 2018**

1.6 Horizon 2020 - [Water Joint Programming Initiative \(JPI\) – Joint call 2017](#)

The Water JPI action IC4WATER, funded by the European Commission under H2020, focuses in particular on the UN Sustainable Development Goals ([UN SDGs](#)) related to water challenges for implementing the Water JPI Strategic Research & Innovation Agenda ([SRIA 2.0](#)).

In this context, proposals are invited on **“Water resource management in support of the United Nations Sustainable Development Goals”**. The call aim is to encourage transnational collaborative projects on research and innovation to support the implementation of water policies.

This call covers two topics:

- Multiple pressure effects on ecosystems and ecosystem services as well as effective mitigation – adaptation tools and assessments for implementing the water related targets of the UN SDGs.
- Developing accessible solutions for clean water management to address UN SDG6 targets and associated SDGs.

WHO? Consortia should include a minimum of 3 partners from 3 different participating countries. Each research Partner in a project must comply with the eligibility criteria and rules of its funding organisation.

ATTENTION, BRAZILIAN RESEARCHER!

Please take note of the specific guidelines of the research support foundation (FAP) of your state. The FAPs participating in this call published specific guidelines for participation. [FAPESP call](#) closed on 24 november.

1st stage – Deadline for submission of pre-proposals: **11 December 2017**

2nd stage – Deadline for submission of full proposals: **27 June 2018**

1.7 Horizon 2020 – [List of calls particularly interesting for Brazil!](#)

On pages 4 - 7 of this document you will find topics of particular interest for Brazil within the HORIZON 2020 WORK PROGRAMME 2018-20

- topics in green are specifically targeting Brazil or Latin America

- for topics in grey Brazilian entities are exceptionally eligible for EU funding
- topics in blue are EU - Brazil coordinated calls

Access all open calls on the [Horizon 2020 Participant Portal](#) by entering the Topic ID of the call in the search engine (top-right corner of page)

Deadlines: varying depending on call

1.8 European University institute (EUI) - [Fernand Braudel Incoming Senior Fellowships](#)

Fellowships last for **up to ten months** in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

There are two annual **deadlines** for applications, **depending on the department**:

- **30 March 2018 (Law, Economics)**
- **30 September 2018 (Economics, History and Civilisation, Political & Social sciences)**

1.9 [EURAXESS Jobs](#)

There are currently **around 10489 research job positions / 5100 offers** (all over Europe, but also in other countries such as in Brazil and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches.

Please note that these jobs also include **doctoral positions**, including those funded by the Marie Skłodowska Curie Actions (MSCA – ITN & Cofund) and by the European Research Council (ERC).

2 EU Member States and Associated Countries

2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

2.2 AUSTRIA – [Ernst Mach Grant \(Incoming\)](#)

The Austrian government awards Ernst Mach Grants to **postgraduates, PhDs, postdocs and lecturers from all over the world** to conduct studies in Austria for one to **9 months** in the following fields:

- Natural Sciences;
- Technical Sciences
- Medicine
- Agriculture
- Social Sciences
- Humanities
- Arts

Applicants must not have studied/pursued research/pursued academic work in Austria in the last six months before taking up the grant. Maximum age: 35 years.

Deadline: **1 March 2018**

2.3 AUSTRIA – [Richard Plaschka Fellowship \(Incoming\)](#)

Grant for visiting **university lecturers (Postgraduates, PhD holders, researchers) in humanities** (History, Archaeology, Linguistics and Literature, Arts) who are primarily occupied with Austria-related topics.

Recipients of Plaschka grants can work in Austria as visiting researchers **for 4 to 18 months** at university departments and institutes and carry out specialist studies in libraries, archives or at research institutions.

Deadline: **1 March 2018**

2.4 BELGIUM - [PRoF Award for innovative projects in healthcare applications - Call for candidates 2018 \(Incoming\)](#)

The **University of Ghent** is looking for innovative projects in the broad domain of **healthcare applications** to enter an award competition organised by the PRoF chair, held by prof. dr. R. Peleman.

The competition accepts **all innovations created in the healthcare domain** (medical, care, ageing society, etc.) and more specifically one of the following areas:

- new concepts or theories in healthcare models (medical, care, ageing society)
- new insights regarding healthcare infrastructure (architecture and/or equipment)
- innovating healthcare processes and/or procedures
- innovating healthcare products and/or services

AWARD DETAILS:

The jury will select the top 3 innovating projects that will be invited to present their project during the international symposium on May 16th 2018 at Ghent University. During the symposium, a winner will be selected out of these 3 laureates who will receive the PRoF award (with a value of 10.000 €). The winner will be invited to present the results achieved by winning the award during the 2019 Award Symposium.

Deadline for registering: **8 January 2018**. Deadline for submission: **1 March 2018**

The themes are:

Brazil:

- Digitalisation and Innovation

- Efficient healthcare management

Colombia:

- Veterinary and food safety

Mexico:

- Energy planning and wind modelling

- Strengthening primary healthcare.

2.5 DENMARK - [Call for research collaboration projects in growth and transition countries](#)

Supports **strategic research cooperation projects** between a research institution or a university in Denmark and a partner country (**Brazil, Mexico and Colombia included**) which will generate new knowledge relevant to the needs and strategies of the growth and transition countries and contribute to strengthening research capacity in developing countries.

WHO? Only research-based institutions in Denmark are eligible for these research grants and only in partnership with research institutions in the countries mentioned above.

The duration of projects is 18 to 36 months within a maximum grant of DKK 5 million for each project

The [Window 2 Call for research with partners in growth and transition countries](#) is available to **Brazilians, Mexicans and Colombians** (see themes in left column).

Deadline: **2 February 2018.**

2.6 DENMARK - [Danida Mobility Grants \(incoming\)](#)

The grants aim to facilitate the creation and development of international networks and research collaboration through research stays in Denmark by researchers from the growth and transition countries included in the "Partnering with Denmark" programme, among them Brazil, Colombia, Mexico.

Eligibility: PhD holders in the areas mentioned above.

No application deadline.

2.7 DENMARK - [H.C. Ørsted postdoc programme \(Incoming\)](#)

Technical University of Denmark (DTU) invites highly talented experienced researchers who have achieved outstanding results in their research while demonstrating excellence and potential in their field to apply for one of the fellowships under the H.C. Ørsted Postdoc programme, co-funded by Marie Skłodowska-Curie Actions.

The program includes two types of fellowships; junior (postdoc) and senior (assistant/associate professor).

- **Junior fellowships (postdoc)** for those who have received their PhD degree within the period of 0 months to 5 years from the time of recruitment (1 July). Junior fellowship contracts are offered for 12- 24 months; 24 months being the general duration;
- **Senior fellowships (assistant/associate professor)** for applicants who have 5+ years of experience from PhD graduation at the time of recruitment (1 July), and should be at a level of their career where they have had postdoc fellowships or similar and are ready academically to enter the next level of the career ladder. Senior fellowship contracts are offered for 3- 12 months; 12 months being the general duration.

Eligibility : At the time of recruitment applicants must not have resided or carried out their main activity in Denmark or at DTU for more than 12 months in the 3 years immediately prior to recruitment.

Applications must lie within one of five programme areas :

- Mathematics, physics, space research and informatics
- Chemistry, biotechnology and chemical engineering
- Electronics and communication
- Construction, production, buildings and transportation
- Life science

Deadline : **Call to open on 1 December. 23 February 2018**

2.8 FRANCE - [Institut Curie International PhD fellowships](#) IC-3i (Incoming)

The call aims at recruiting motivated students for 12 PhD projects, with contracts starting in **October 2018**.

The thesis projects cover Institut Curie's 4 main research axes and its translational department:

- Biology & Chemistry of Radiations, Cell Signaling & Cancer
- Biology, Cancer, Genetics & Epigenetics
- Integrative Tumour Biology, Immunology & Environment
- Multiscale Physics-Biology-Chemistry
- Translational Research

The IC-3i-PhD fellows will carry out research at [Institut Curie](#), located in **Paris (France) and its surroundings**. This vibrant environment is based on the pluri-disciplinary approaches and excellence offered by over [80 research groups](#) comprising Institut Curie's 12 research departments and its hospital group.

Deadline : **18 January 2018**

2.9 FRANCE - [French-Brazilian Chairs in the State of São Paulo](#) (Outgoing)

The University of São Paulo (USP), the University of Campinas (UNICAMP) and the University of the State of São Paulo "Júlio de Mesquita Filho" (UNESP), in partnership with the Consulate General of France in São Paulo / Instituto Francês do Brasil (IFB) have launched a call for proposals for the seventh consecutive year under the "French-Brazilian Chairs in the State of São Paulo" programme.

WHO? Intended for professors or researchers of French research and higher education institutions, public or private, these chairs have the objective of supporting new collaborations and projects on emerging themes, as well as to strengthen the development of preexisting cooperations of excellence.

Co-directed with a Brazilian host professor, the chairs are an excellent opportunity to develop collaborations between French institutions and the Universities of the State of São Paulo through activities of research, teaching and scientific dissemination.

New deadline: **4 December 2017** (for UNESP and UNICAMP)

2.10 FRANCE – [Victor Hugo Scholarships \(Incoming: sandwich masters and PhD\)](#)

Pilot programme of the University of Franche-Comté, with the financial support of the City of Besançon and the Burgundy Franche-Comté Region, encouraging

The IC-3i international PhD Program is co-funded by the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 666003.

university exchanges with Latin America (Central and South America, the Caribbean, Spanish and Portuguese language countries) and Haiti.

The aim is offer scholarship to **study for one year at the University of Franche-Comté** as part of a **Master's or Doctoral programme**.

Funding includes university tuition fees, single room accommodation at the University campus for 12 months, two meals per day at the university restaurant, Internet subscription and intensive French language lessons for two months (July and August) at CLA - Center of Applied Linguistics of the University of Franche-Comté.

Deadline: TBC (call opening end Nov)

2.11 FRANCE - [Post-doctoral research visits at Inria \(Incoming\)](#)

All year long, the French Institute for Research in Computer Science and Automation (INRIA) organises post-doctoral research visits for individuals of **all nationalities holding a PhD**. Particular attention will be paid to French and international candidates who have studied their PhD abroad. Rolling basis: **Currently 18 positions open with varying criteria**.

Deadlines depending on the project: **from 30 November 2017 - 31 December 2017**

2.12 FRANCE – [Invited Scholars Fellowships at IHEAL \(Incoming\) in social sciences](#)

The Institute of Latin American Studies (IHEAL - University Sorbonne Nouvelle-Paris 3) has opened its 2018-2019 call for Invited professors **in all fields of social science**. For the academic year 2018-2019, classes in Geography, Economy and Anthropology are highly preferred, as well as candidates working on Central America, the Caribbean and the Andean countries

WHO? **Open to foreign researchers and professors** (from North America, **South America** and Europe) who specialise in the **study of Latin-American societies** and work in universities in these regions.

Deadline: 7 January 2018

Note: LE STUDIUM offers multiple formats of temporary long stay (scholarships, professors, etc.) as well as additional programmes (international research consortium, summer school, workshop, seminar) designed to attract to the region experienced foreign researchers.

The General Programme is **open to all areas of research** currently established in the region and specific targeted programmes aim to recruit researchers in connection with the ARD2020 smart specialisation strategy of the Centre-Val de Loire region.

2.13 FRANCE – [Le Studium Research Fellowships](#) (Incoming, post-doctoral)

The call for projects at LE STUDIUM Loire Valley Institute for Advanced Studies is open to **all research disciplines** and offers **post-doctoral fellowships** for international experienced researchers in region Centre-Val de Loire laboratories including:

- A 12-month fellowship in a high level laboratory
- Integration in an international scientific community
- Funding and organisation of international scientific events
- Enabling environment (housing, administrative support, etc...)

Eligibility:

Candidates have to identify a research team in the region Centre-Val de Loire accepting to host the one-year residency. If necessary, LE STUDIUM can help establishing a link with a laboratory in the desired scientific field in the region.

Deadline: **8 February 2018**

2.14 FRANCE - [Eiffel excellence scholarships 2017](#) (Incoming)

The programme aims to attract elite overseas students on **Masters** (12 to 36 months) and **PhD** courses (for 10 months under a thesis joint supervision or co-tutorship).

The three major areas of study covered by the Eiffel program are:

- **Engineering sciences** at Master level, sciences in a broader sense for PhD level (engineering sciences, exact sciences: mathematics, physics, chemistry and life sciences, nano and bio-technology, earth and environmental sciences, information and communication sciences and technology),
- **Economics and management,**
- **Law and political science.**

Eligibility: **All nationalities except French.** Applicants must be no more than 30 years old for masters, 35 years old for PhD.

Note that applications must be submitted by the French higher education institutions.

Deadline: **12 January 2018**

2.15 FRANCE – [AgreenSkills+ \(outgoing\) postdoctoral fellowships](#)

AgreenSkills+ is an international mobility programme co-funded by the European Union's Seventh Framework Programme for research, technological development.

AgreenSkills+ sets out to encourage the international mobility of young researchers, from 6 to 24 months for outgoing fellows (an additional 6 month return period in Europe is mandatory), by supporting research projects in the fields of **agriculture, food, nutrition, environment, animal health and veterinary public health**. Agreenskills offers very attractive mobility allowances and personalised support for career development plans.

Eligibility:

- The programme is aimed at **researchers working for an [Agreenium-IAVFF member organisation](#)**. See details of all Brazilian, Latin American and Caribbean institutions included [here](#)
- holding a **PhD with less than 10 years of postdoctoral research experience**.
