Funding opportunities

EURAXESS Links Brazil Funding opportunities is a list of open calls to fund researchers' mobility, compiled monthly by the EURAXESS Links Brazil team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegation of the European Union to Brazil.

Please email brazil@euraxess.net with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Editors: Charlotte GRAWITZ, EURAXESS Links Brazil, Country Representative, Ana Paula ROSSETTO, Support Officer

Dear Colleagues,

until the new portal is launched, we will continue to publish a compilation of open calls to fund researchers' mobility and cooperation with European teams on a regular basis.

The **grants & fellowships** listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality.

International cooperation

ALL H2020 calls are open to international and more specifically Brazilian participation.

For more details on funding of applicants from non-EU countries, click [here](#). Check the latest information on Co-financing for Brazilian participation within Horizon 2020 [here](#).

European Research Council

Established by the European Commission

European Research Council (ERC) funding schemes are open to **top researchers of any nationality or age who wish to carry out their frontier research in the 28 EU Member States or associated countries.**

Grants & Fellowships

1 European Union

1.1 Horizon 2020

Horizon 2020 is the European Commission Framework Programme for Research and Innovation. It is the biggest EU Research and Innovation programme ever with nearly €80 billion of funding available over 7 years (2014 to 2020) – in addition to the private investment that this money will attract.

Access all open calls on the [Horizon 2020 Participant Portal](#).

The Brazilian National Council of State Funding Agencies (CONFAP) listed [potential calls of interest for EU-Brazil cooperation](#) in order to encourage the participation of Brazilian researchers under Horizon 2020 calls,

Several FAPs ([FAPESP](#), [FAPESC](#), [FAPEG](#), [FAPEMIG](#), [FAPDF](#)) expressed interest in funding researchers from their states to support their participation in H2020 calls and published [guidelines](#) with instructions to this end.

1.2 [H2020 SME Innovation Associate](#)

Matching SMEs and researchers with a new programme to support 90 SMEs who can hire a researcher of any nationality to bring their brilliant idea to life.

For the time being the call is mainly for European SMEs but [EURAXESS Jobs](#) already offers the possibility to pre-check the attractiveness of (future) job vacancies under H2020 SME Innovation Associate. These can be easily found by filtering the job search by the 'SME Innovation Associate'.

Deadline **30 June 2016**.

1.3 [ERC Advanced Grants](#) – call open!

ERC Advanced Grants are designed to support excellent Principal Investigators at the career stage at which they are already established research leaders with a recognised track record of research achievements. This action is open to researchers of any nationality who intend to conduct their research activity in any Member State or Associated Country.

The ERC's frontier research grants operate on a 'bottom-up' basis without predetermined priorities. The call 'ERC-2016-ADG' consists of **one call with a single deadline** applying to each of the three main research domains:

- Physical Sciences & Engineering
- Life Sciences
- Social Sciences & Humanities.

Eligibility: any nationality, any age. Applicants must be leaders in their respective field(s) of research and must demonstrate significant achievement in the last 10 years

Currently over 420 ERC grantees out of nearly 5,300 are non-Europeans (i.e. 8% of total). Research teams set up by ERC grantees are highly international – an estimated 17% of team members are non-Europeans.

cecilia.yamanaka@usp.br

Location: research must be conducted in a public or private research organisation (known as a Host Institution/HI). It could be the HI where the applicant already works, or any other HI located in one of the EU [Member States](#) or [Associated Countries](#)

Funding: up to € 2.5 million per grant (up to € 3.5 million in some cases)

Duration: up to 5 years

Sole evaluation criterion: scientific excellence of researcher and research proposal

Deadline: 1 September 2016. For more details on Advanced grants, see [ERC website](#) and [call details](#).

Important notice: Time to spend on the project

Researchers applying for ERC-funding must be **strongly committed** to the project and spend a significant amount of time on it. However, it is not obligatory to spend 100% of your time in Europe whilst carrying out the ERC-funded research.

For Advanced Grants, the **Principal Investigator should devote at least 30% of her/his working time to the ERC project and spend at least 50% of her/his total working time in a EU Member State or Associated Country.**

For more details on Advanced grants, see [ERC website](#).

1.4 Fellowships for research stays at the European University Institute (EUI)

1.4.1 [Jean Monnet Postdoctoral Fellowships](#)

The Robert Schuman Centre for Advanced Studies (RSCAS) offers one or two-year fellowships to postdocs of all nationalities who have obtained their doctorate more than 5 years prior to the start of the fellowship, i.e. 1 September 2016 for the academic year 2016/17. The Fellowship programme is open to post-docs, tenure track academics and those wishing to spend their sabbatical at the Robert Schuman Centre.

The three main research themes of the RSCAS are:

- Integration, Governance and Democracy;
- Regulating Markets and Governing Money;
- 21st Century World Politics and Europe

Deadline: **25 October**.

1.4.2 [Fernand Braudel Incoming Senior Fellowships](#)

Fellowships last for up to ten months in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

Next deadline : **30 September**.

1.5 [Human Frontier Science Programme \(HFSP\)](#) [Postdoctoral fellowships](#)

HFSP postdoctoral fellowships encourage early career scientists to broaden their research skills by moving into **new areas** of study while working in a **new country**. Two possibilities:

HFSP fellowships are open to candidates of all nationalities. Those who are not nationals from one of the supporting countries may apply to work only in a research institution in one of the supporting countries.

- **Long-Term Fellowships (LTF)** are for applicants with a Ph.D. in a **biological discipline**, who will broaden their expertise by proposing a project in the life sciences which is significantly different from their previous Ph.D. or postdoctoral work.
- **Cross-Disciplinary Fellowships (CDF)** are for applicants with a Ph.D. from outside the life sciences (e.g. in physics, chemistry, mathematics, engineering or computer sciences), who have had limited exposure to biology during their previous training.

HFSP fellowships are for **three years**. Fellows may choose to stay for up to three years in the host country or use the last year of their fellowship to return to their home country or to move to another HFSP member country.

Next deadline : **25 August 2016**

1.6 [European Respiratory Society \(ERS\)](#) - [Short-Term Research Training Fellowships](#)

The ERS allow young scientists and clinicians to visit a host institution in Europe. Short term stays of 1-3 months are supported.

All nationalities, European and non- European based candidates are allowed to submit a project proposal

Next deadlines: **1 October 2016; 1 April 2017.**

1.7 [EMBO Courses and Workshops](#)

EMBO offers the largest number of life science events in Europe. EMBO Courses & Workshops funds approximately 80 events attracting more than 8,000 participants every year.

Funding is available to organise conferences, EMBO | EMBL Symposia, workshops, EMBO | FEBS Lecture Courses, Global Exchange Lecture Courses and practical courses, as well as for keynote lectures. [Travel grants](#) support the attendance of participants from countries with less-developed scientific infrastructures. EMBO assists the organizer with the design of a poster, set-up of a website and registration system, and with promotion of the event.

Next deadline : **1 August 2016**

Euro-Brazilian Windows project: partnership of 20 Higher Education Institutions from Europe and Brazil, within which Brazilian students, researchers and academic and administrative staff will receive financial support to undertake a mobility period or obtain a full degree in Europe. EBW+ is funded with support from the European Commission.

Fields covered by this call under BE Mundus: **Engineering & Technology**

The SMART² Project is jointly coordinated by CentraleSupélec and Universidade Federal de Itajubá (UNIFEI) in Brazil and composed of 18 members: 10 EU partners Austria, Belgium, Czech Republic, France, Finland, Germany, Italy, The Netherlands, Portugal and Spain, and 8 Brazilian partners, plus 3 associated partners (T.I.M.E. Association, Ecole Centrale de Lille and BTP Rincen).

The SMART² project is an ERASMUS MUNDUS Partnership (EMA2 strand1) project funded by the European commission

1.8 EBW+ (Erasmus Mundus) - [scholarships for sandwich PhD in Europe open to Brazilian young researchers](#)

The third EBW+ project call is only supporting PhD mobility of 6 and 10 months period in the following areas:

- Engineering, Technology
- Creative arts (music, design, dance and cinema).

The call is open to PhD students from Brazilian universities, being members of the consortium or not. Please, note that From the Brazilian side, no scholarships are available for UFRGS. From the European side, no scholarships are available to U.Porto, UTAD, UPV and UNIROMA.

Deadline: **31 August 2016**

1.9 BE Mundus (Erasmus Mundus) - [open call for sandwich PhD](#)

Scholarships for Brazilian PhDs students to undertake a mobility period (6 months) in 9 prestigious European universities, with the financial support of the European Commission's Erasmus Mundus programme.

The scholarships cover: Monthly allowance (PhDs: 1.500 EUR); Travel expenses; Full insurance scheme; Tuition fees (if applicable). At the end of the mobility period, the young researchers will return to their home university, where the research carried out abroad will be recognized as part of the research programme at their home university.

WHO? Open to Brazilian doctorate students.

Deadline: **15 September 2016**.

1.10 SMART² Project (Erasmus Mundus) – [open call for a mobility period in Europe](#) (PhD mobility, post doctorate, academic and administrative staff)

SMART² (**SmartCities & SmartGrids for Sustainable Development**) aims at strengthening academic collaborations between Brazil and Europe and will finance mobilities for **engineering students, doctorates, post-doctorates and staff**. The priority areas of the program will include **engineering, technology, computer science, mathematics, architecture and planning**.

The SMART² project **is currently** receiving applications to award mobility fellowships to **spend a study or research period in Europe**.

This project only concerns **Brazilian applicants**. It is not necessary to study in one of the Higher education institutions to take part in the mobility scheme.

Deadline: **8 June 2016**

The IBRASIL consortium which stands for “Inclusive and Innovative Brazil” has emerged from a long and mature collaboration between Brazilian and European universities. It is composed of 11 Brazilian and 9 European Higher Education Institutions from different countries where various languages are spoken: Spanish, Portuguese, French, Romanian, Italian, German, Slovak and Greek.

Besides providing information on funding opportunities for incoming international and European researchers, staff at the **EURAXESS Service Centres** offer **individual assistance** on all aspects of researcher mobility.

International Prize in recognition of outstanding achievements in biomedical research (award of 250,000 euros). The theme for 2017 is “Neurological diseases”.

1.11 IBRASIL (Erasmus Mundus) - [Sandwich PhD and post-doctorate scholarships in engineering and technology](#)

The EU funded **IBRASIL project “Inclusive and Innovative Brazil”** (Erasmus Mundus Action 2 program) grants **scholarships to Brazilian and European students** for credits mobility and degree mobility within the Higher Education Institutions members of the IBRASIL network.

Scholarships are now available for **sandwich doctorates and post-doctorates (6 to 10 months) in the fields of Engineering & Technology**.

European candidates can only apply to sandwich doctorates. Brazilian candidates can apply either to PhD or post-doc mobility to Europe.

Deadline: **30 June 2016**.

1.12 [EURAXESS Jobs](#)

There are currently **around 9750 research jobs and fellowship programmes** (all over Europe, but also in other countries such as in Brazil and in all disciplines) announced on the [EURAXESS Jobs database](#). Opportunities can be viewed by country, level of seniority, field or research or via free text searches. Please note that these jobs also include doctoral fellowships.

2 EU Member States and Associated Countries

2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

[Austria](#), [Belgium](#), [Bosnia-Herzegovina](#), [Bulgaria](#), [Croatia](#), [Cyprus](#), [Czech Republic](#), [Denmark](#), [Estonia](#), [Faroe Islands](#), [Finland](#), [France](#), [Macedonia](#), [Germany](#), [Greece](#), [Hungary](#), [Iceland](#), [Ireland](#), [Israel](#), [Italy](#), [Latvia](#), [Lithuania](#), [Luxembourg](#), [Malta](#), [Moldova](#), [Montenegro](#), [Netherlands](#), [Norway](#), [Poland](#), [Portugal](#), [Romania](#), [Serbia](#), [Slovakia](#), [Slovenia](#), [Spain](#), [Sweden](#), [Switzerland](#), [Turkey](#), [UK](#).

2.2 BELGIUM - [BAILLET LATOUR Health Prize Call for nominations](#)

This personal award is intended to recognize outstanding scientific achievements in biomedical research for the benefit of human health and to encourage the laureate in the pursuit of his/her career. The Prize is open to scientists of all nationalities who have not received an equivalent Prize for their personal use.

Exceptionally, the Prize may be shared between two persons who have collaborated over a long period. The laureate will be selected by an international Jury in February 2017.

The themes for the following years will be: Cancer (2018), Cardiovascular Diseases (2019), Metabolic Disorders (2020), Infectious Diseases (2021).

Deadline : **30 September 2016**.

2.3 DENMARK - [Eighth Call for Proposals for International Network Activities with Brazil](#)

Support for bilateral network activities seeking to identify potential for new bilateral research collaboration with different countries, including Brazil

WHO? Scientists from Denmark and from one or more of the following countries: China (incl. Hong Kong), India, Israel, Japan, USA, Brazil, Turkey, South Africa and the Republic of Korea

What is funded? Operating expenses for workshops and conferences, international travel and research stay for a shorter period up to 90 days in the selected countries or in Denmark

Duration of research stays: Up to 90 days

Deadline: **24 August 2016**

2.4 [French chairs in the State of Minas Gerais](#)

The Federal University of the State of Minas Gerais (UFMG) and the French Embassy launched a call for applications for a French Chair in the State of Minas Gerais. The call is open to professors or researchers from French higher education and research institutions in all research areas.. They must be co-directed by a Brazilian professor.

Deadline: **5 June 2016**.

2.5 GERMANY - [Sofja Kovalevskaja Award](#) of the Alexander von Humboldt Foundation

This award aims to supports particularly promising young researchers from abroad. Award-winners receive **up to 1.65 million Euros over a period of five years**, to be spent on any research project they choose. This allows them to establish their own working group at a research institution of their choice in Germany and to cover their own costs of living. The award is funded by the Federal Ministry of Education and Research (BMBF).

WHO? Open to Brazil-based researchers who have completed their PhD (or equivalent academic qualification) within the past six years and hold an outstanding academic track record.

Deadline: **31 July 2016**.

2.6 ITALY - [EURAC Federal Scholar In Residence](#)

For comparative research at the European Academy of Bolzano/Bozen (EURAC) and aims at weaving experts and their networks in order to develop and advance comparative federal and regional studies.

The program welcomes applications from academics, post-docs and practitioners in federalism, regionalism and intergovernmental relations.

Deadline of submission: **01 July 2016**.

2.7 ITALY - [Scuola Normale Superiore PhD courses](#)

The **Scuola Normale Superiore** (SNS) offers **fully funded PhD** programmes in a **variety of fields** including humanities, social sciences, natural sciences and engineering,

Students of **any nationality** who **hold or expect to obtain their master's degree** by 31 October 2016 may apply for the PhD courses.

Successful applicants will receive **full financial support** (tuition fees, monthly allowance) for the **entire duration of the course: 3 years** (4 years in the neuroscience and biophysical fields).

Two calls per year. **Next deadline: 30 August 2016**

2.8 NETHERLANDS ([KNAW](#)) - [Evert Willem Beth Foundation: funding for research and symposiums](#)

The Royal Netherlands Academy of Arts and Sciences (KNAW) Evert Willem Beth Foundation funds some research and symposiums in the following disciplines: modern logic, philosophy of science, history of logic, history of the philosophy of science and scientific philosophy in general.

Students as well as researchers can apply. Continuous application.

2.9 PORTUGAL - PhD grants at University of Trás-os-Montes and Alto Douro

Research grants within R&D projects/Units:

- [Research grant for Doctors in Engineering](#), Job/Fellowship Reference: BPD/UTAD/DEM/271/2016

Deadline: **15 June 2016**

- [Research grant for Doctors in Computer Science](#), Job/Fellowship Reference: BPD/UTAD/NANOSTIMA/280/2016

Deadline: **6 June 2016**

2.10 SWITZERLAND - [Open call for the third edition of Academia-Industry Training \(AIT\)](#)

swissnex Brazil in collaboration with the Swiss Federal Institute of Technology in Lausanne (EPFL), swissnex India and VentureLab announced the third training camp for Brazilian, Swiss and Indian scientists: "Academia Industry Training".

Open to high-level Brazilian researchers (Master, PhD and Postdoc level) who want to transform their research into market innovations.

The AIT program aims to support scientists in transforming their high-level applied research into market application and discovering their entrepreneurial potential. By connecting scientists from top institutions in Switzerland and India/Brazil, the program promotes an international network and enables access to one of the most promising markets and intellectual capitals in applied research.

Dates: 3 - 7 October and 28 November - 2 December 2016

Deadline: **3 June 2016.**

2.11 SPAIN (Basque Country) - [Ikerbasque Research Professors](#)

Ikerbasque - the Basque Foundation for Science launched call for attracting 10 senior researchers to the Research Institutions in the Basque Country. The call is open to researchers with a solid research track and leadership capabilities. The applicants must have their PhD completed before January 2008. Permanent contract positions within any of the Basque Research Institutions.

Deadline: **12 September 2016**

2.12 UK – Many open calls under the Newton Fund for researchers, institutions

2.12.1 UK (British Council) - Brazil (Confap & Fapesp) - [Researcher Connect call](#) to develop researchers communication skills

The British Council and Confap launched a call under the Researcher Connect programme, funded by the Newton Fund. The call aims at selecting higher education institutions in 15 Brazilian states to host workshops on scientific communication.

ikerbasque
Basque Foundation for Science

This call is co-financed by the
European Commission

Researcher Connect is a series of short interactive learning modules for researchers at any stage of their career and from any academic discipline. It is a professional development course that focuses on the development of excellent communication skills in international, multi-cultural contexts.

Researcher Connect was developed to help researchers meet the demands of an increasingly competitive global market, where the ability to communicate research effectively is paramount to success.

Eligible proposals from the States of: São Paulo - Paraná - Distrito Federal - Goiás - Minas Gerais - Pernambuco - Espírito Santo - Sergipe - Tocantins - Mato Grosso do Sul - Pará - Piauí - Alagoas - Paraíba - Santa Catarina.

Deadline : **27 June 2016**.

2.12.2 UK - [Newton Fund Institutional Links grants](#)

[Newton Institutional Links](#) aims to build UK-partner country research and innovation collaborations centred on shared research and innovation challenges which have direct relevance to social welfare and economic development.

Newton Institutional Links grants provide **small-scale seed funding for collaborations** between the UK and Brazil, among other.

This programme is designed to establish links beyond the level of the individual researcher and innovation practitioner, opening up opportunities for more sustainable, solution-oriented collaborations between **academic groups as well as with the private and third sector** (e.g. SMEs, NGOs, technology transfer offices and other not-for-profit organisations).

WHO ? Each proposal must have one Principal Applicant from the UK, as well as a Principal Applicant from Brazil. They must be Leading Researchers or Established Researchers.

2.12.3 UK (British Council / Newton Fund) - Brazil (CONFAP) [Researcher Links Scientific Workshop call](#)

WHAT? **Call for research workshop proposals** under Newton Fund Researcher Links to propose 3 to 5 days bilateral workshops, which will bring together early career researchers from the UK and Brazil to discuss their research and start to build international relationships in the following themes:

- | | |
|----------------------------|-----------------------------------|
| - Agriculture, | - urbanisation and human |
| - Climate and Environment, | rights, and urban transformation, |

| - Education, | - Humanitarian Disasters and |
| - Economic growth, | Emergencies, |
| - Neglected Diseases, | - Governance, society and |
| - Water and Sanitation, | conflict, |
| - Food and Nutrition, | - Development-relevant data |
| - Demographic change, | collection, |
| | - Zika Virus. |

WHO? Senior researchers in the UK and in the following 10 states in Brazil: Alagoas, Distrito Federal, Espírito Santo, Goiás, Maranhão, Mato Grosso do Sul, Minas Gerais, Pará, Paraíba, Santa Catarina, Tocantins.

Deadline: **27 June 2016**.

2.12.4 UK (British Council / Newton Fund) - Brazil (CONFAP: Fapemig/Fapes) [Researcher Links Scientific Workshop call](#)

WHAT? Call for research workshop proposals under Newton Fund Researcher Links to propose 3 to 5 days bilateral workshops, which will bring together early career researchers from the UK and affiliated to a university or research institution from **the state of Minas Gerais and one from a university or research institution from the state of Espírito Santo**, to discuss their research and start to build international relationships in the following themes:

- Prevention and recovery of damages caused by mining activities
- Humanitarian disasters and emergencies

2.12.5 UK (British Council / Newton Fund) - Brazil (CONFAP: Facepe/Fapitec) [Researcher Links Scientific Workshop call](#)

WHAT? Call for research workshop proposals under Newton Fund Researcher Links to propose 3 to 5 days bilateral workshops, which will bring together early career researchers from the UK and affiliated to a university or research institution from Brazil and the UK.

WHO? **The Brazilian workshop coordinator should be affiliated to a university or research institution from the state of Pernambuco, while one of the Brazilian mentors should be affiliated to a university or research institution from the state of Pernambuco and one from a university or research institution from the state of Sergipe**, to discuss their research and start to build international relationships in the following themes:

- Zika virus
- Renewable energies.

2.12.6 UK (British Council / Newton Fund) - URUGUAY - BRAZIL (Fapesp) - [Researcher Links Trilateral workshop grants](#)

Trilateral Workshops bring together up to 36 early career researchers from the UK, Brazil (State of São Paulo) and Uruguay with the aim of building links for future collaboration and enhancing the researchers' career opportunities. The workshops last between 3 and 5 days, are held in English, in Brazil (in the State of São Paulo) and Uruguay.

The workshops are led by senior researchers from each of the countries involved. In Brazil, lead researchers must be affiliated to a research or Higher Education institution from the State of São Paulo).

WHO ? Three leading researchers (coordinators), one from a UK institution, one from an institution in the State of São Paulo, Brazil and one from an Uruguay institution to send joint applications. Applications should be submitted with the support of the home institutions.

All UK universities recognised by the UK Department for Business, Innovation and Skills (BIS) are eligible, as well as an extensive list of not-for-profit UK research organisations available [here](#)

Deadline: **27 June 2016**

RESEARCHER LINKS

The call is co-funded by the Newton Fund, CONFAP and FAPESP.

2.12.7 UK (Schneider Electric) - Brazil (Fundação Amazonas Sustentável - Fas) call

This call for proposals aims to contribute to **local sustainable development in riverine communities in the State of Amazonas**. For each theme, there is a challenge/research question aimed at reducing the demand raised with the community leaders, who represent 16 protected areas (9.5 thousand families and 40 thousand people). Proposals must address one or more of these themes and questions in order to be considered eligible for assessment.

Grants: 2 of up to 60.000 pounds plus in-kind contributions including up to 3 Master and 3 postgraduate scholarships per proposal.

Proposals must consider field work in the designated communities.

WHO? Each proposal must have one Principal Applicant (leading researcher) from the UK, as well as from Brazil (the state of Amazon).

Deadline: **27 June 2016**.

2.13 UK (university of Oxford) - Women In Humanities Postdoctoral Writing Fellowship 2016-2017

Women in the Humanities is an interdisciplinary programme which aims to explore how gender and sex play out in history, art, philosophy, music, language and literature, as well as the ethics and politics of gender identity and equality in the Humanities.

A postdoctoral writing fellowship worth £5,000 is available to early career scholars within three years of the award of a doctorate who do not yet hold a permanent academic job. The fellowship will be tenable for between 3 and 6 months from 1 October 2016. Funding may be used for travel expenses, living expenses and research activities that will enable the Fellow to publish their doctorate or aspects of their doctoral work.

Applicants must have been awarded a doctoral degree following a viva voce examination held on or after 1 April 2013.

Deadline : **10 June 2016**.

2.14 PRIVATE – fellowships provided by the Bayer Science & Education Foundation

The regular Bayer Fellowship Programme is geared toward students and trainees in scientific, technical and medical disciplines. It is open to applicants from German-speaking countries wishing to go abroad and foreign applicants who want to go to Germany.

The programme comprises the following areas:
