EURAXESS BRAZIL Funding opportunities

EURAXESS Brazil Funding opportunities is a list of open calls to fund researchers' mobility, compiled monthly by the EURAXESS Brazil team.

The information contained in this publication is intended for personal use only. It should not be taken in any way to reflect the views of the European Commission nor of the Delegation of the European Union to Brazil.

Please email brazil@euraxess.net with any comments on this list, contributions you would like to make, if you think any other colleagues would be interested in receiving this document, or if you wish to unsubscribe.

Dear Colleagues,

As you know, the new EURAXESS Portal is out and brings new functionalities to researchers, entrepreneurs, universities and businesses. Amongst them, you will find a brand new **Funding database** allowing you to search for the funding programme you need for your mobility or research cooperation project. Funding organisations can publish their funding opportunities and scholarships in it to increase their visibility and reach the best candidates worldwide.

Click [here](#) to read about the novelties and improvements of the revamped portal.

We will continue publishing a compilation of open calls to fund researchers' mobility and cooperation with European teams in the coming months to help you identify these opportunities easily. Nevertheless, the frequency may be reduced. This edition is valid for January and February.

The **grants & fellowships** listed below are funded by the European Commission, EU Member States or Brazilian authorities.

We hope this list will help you turn your interest in research mobility into a reality.

Grants & Fellowships

1 European Union

1.1 Horizon 2020

[Horizon 2020](#) is the EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. H2020 supports [SMEs](#) with a new **instrument** that runs throughout various funded research and innovation fields, enhances EU [international research](#) and Third Country participation, attaches high importance to integrate [social sciences and humanities](#) encourages to develop a [gender dimension](#) in project.

Horizon 2020 offers a large variety of funding opportunities for [research and innovation activities](#) through calls for proposals that are set out in the Horizon 2020 work programme. Access all open calls on the [Horizon 2020 Participant Portal](#).

The European Commission published an overview of **international cooperation opportunities in the H2020 work programme 2016-2017**, including a list of calls targeting Brazil. The list can be found [here](#).

The Brazilian National Council of State Funding Agencies (CONFAP) listed [potential calls of interest for EU-Brazil cooperation](#) in order to encourage the participation of Brazilian researchers under Horizon 2020 calls. Some of them are currently open in diverse areas.

Several FAPs ([FAPESP](#), [FAPESC](#), [FAPEG](#), [FAPEMIG](#), [FAPDF](#), [FAPES](#), [Fundação Araucária](#), [FUNDECT](#)) expressed interest in funding researchers from their states to support their participation in H2020 calls and published [guidelines](#) with instructions to this end.

1.2 EU – Erasmus + [Jean Monnet Call for proposals 2017](#)

Jean Monnet Activities are designed to promote excellence in teaching and research in the field of European Union studies in various disciplines.

Jean Monnet Activities take place **worldwide, including in Brazil**. Brazilian students/researchers: Individuals cannot apply for a grant. **Brazilian HEIs : Brazilian HEIs submit their proposal directly to EACEA**. Under the Teaching and Research activity, 3 different modalities can be supported :

- Jean Monnet Module: Short teaching programme (or course of a minimum of 40 teaching hours per academic year) with a duration of three years.
- Jean Monnet Chair: A teaching post with a specialisation in European Union studies for university professors or senior lecturers.
- Centres of Excellence: A focal point of competence and knowledge on European Union subjects. Centres of Excellence have a project duration of three years.

Deadline: **23 February 2017**

Find **many other calls** funded by the European Commission, Member states and associated countries and Brazil in the [still open section](#) below.

1.3 ERCIM – [Alain Bensoussan Fellowships](#)

ERCIM, the European Research Consortium for Informatics and Mathematics, offers fellowships for **PhD holders from all over the world**. Fellowships are of a 12 month duration, spent in [one of the leading European Research Institutes which makes up part of the ERCIM network](#).

Topics cover most disciplines in **Computer Science, Information Technology, and Applied Mathematics**. (see list of topics covered [here](#))

Deadline: **30 April 2017**

1.4 EU – [EMBO Long-Term Fellowships](#)

WHAT? The **European Molecular Biology Organisation (EMBO) Long-Term Fellowships** are awarded for a period of up to two years and support **post-doctoral research visits** to laboratories throughout Europe and the world. International exchange is a key feature in the application process.

All fellowships must involve movement between countries. The receiving institute or the applicant's nationality must be from one of the [EMBO Member States](#). The stipend is a subsistence allowance and is intended to cover the cost of living in the host country.

WHO? Applicants must hold a doctorate degree or equivalent at the start of the fellowship and have obtained it no more than two years before the application deadline.

Deadline: **now accepted throughout the year**.

1.5 European cooperation in Science and Technology (COST) [call for proposals](#)

COST is an intergovernmental framework for European Cooperation in Science and Technology, supporting the coordination of nationally-funded research. It aims at reducing the fragmentation in European research investments and opening the European Research Area (ERA) to cooperation worldwide. It anticipates and complements the activities of the EU Framework Programmes.

Participants are invited to submit proposals for COST Actions contributing to the scientific, technological, economic, cultural or societal knowledge advancement and development of Europe. Multi- and interdisciplinary proposals are encouraged.

[COST Actions](#) are bottom-up **science and technology networks, open to researchers and stakeholders** with a duration of **four years**. They are active through a range of [networking tools](#), such as workshops, conferences, training schools, short-term scientific missions (STSMs), and dissemination activities. **COST does not fund research itself**.

COST Actions allow **European researchers** to jointly develop their own ideas in **any science and technology field**, including Humanities and Social Sciences. Participation in COST actions is **open to [International Partner Countries](#)**, among which is **Brazil**, on the basis of ascertained mutual benefit.

Deadline: **7 September 2017**

1.6 European University institute (EUI) - [Fernand Braudel Incoming Senior Fellowships](#)

Fellowships last for **up to ten months** in one of the EUI's four Departments which in turn invite fellows to participate in departmental activities (seminars, workshops, colloquia, etc.).

Fellows are encouraged to make contact with researchers sharing their academic interests, may be involved in the teaching and thesis supervision tasks of EUI professors, and associated with one of the research projects being carried out at the EUI.

Deadline : There are two annual deadlines for applications - **30 March and/or 30 September** . The Departments of law only accept applications in March, while the department of **History and Civilization** considers applications for the **30 September deadline**.

2 EU Member States and Associated Countries

2.1 National EURAXESS Portals

The latest information on open calls for national grants and fellowships in the 40 member countries of the EURAXESS network can be accessed on the respective **national EURAXESS portals**:

2.2 BELGIUM (Flanders) – [FWO outgoing mobility opportunities](#)

These grants support researchers who will be staying abroad for varying time periods to perform advanced research or to specialise in specific research techniques. In this way, the FWO aims to encourage the mobility of researchers and the international contacts between research groups.

- [Travel Grants for Short Stays Abroad](#)

(Max. 1 month) for researchers affiliated with a university in the Flemish community (or to a university college of the corresponding association) or belong to the scientific staff (of the Dutch-speaking community) of a federal or Flemish scientific institute. Submission deadline: online in English no later than **3 months before departure**.

- [Grant for participation in a conference abroad](#)

This grant supports researchers who wish to participate in an **international scientific conference abroad**. The grants are awarded only for participation in conferences of a purely scientific nature, featuring speeches and discussions of original contributions or reports. The grant covers the travel expenses Brussels – conference venue (return trip). Submission Deadline: online in English no later than **3 months prior to the departure date**.

- [Grant for participation in a workshop or course abroad](#)

This grant supports researchers who wish to participate in a course or **workshop abroad** that gives them the opportunity to further specialise in their area of interest. The grant covers the travel expenses in order to encourage mobility and international contacts between research groups. Submission Deadline: online in English **no later than 3 months prior to the departure date**.

Deadline : **15 March 2017**

2.18 SPAIN – [Fundación Carolina incoming fellowships for Ibero-American students](#)

Various fellowships open to Ibero-American students to carry out part of their post-graduation, PhD and post-doc studies in Spain in various research areas. The programme also **funds researchers and Brazilian lecturers' mobility (27 fellowships available)** in partnership with the Junta de Andalucía, the Universidad de Cádiz, Universidad de Málaga, Universidad Politécnica de Madrid and Universidad de Sevilla.

- [Postgraduate Studies Fellowships](#)
- [PHD and short term stays](#)
- [Mobility Brazil – Spain for lecturers and researchers](#)
- [Entrepreneurship and videogames](#)

Deadlines: **6 April 2017 for Brazilian lecturers and researchers, Postgraduate Studies, Empredimiento y videojuegos**, PhD and short term stays.

2.19UK - [Newton Professional Development and Engagement Programme](#)

This call is **open to Brazilian institutions**.

Aim: Support the professional development and community engagement of **Brazilian public and civil society institutions, science museums and botanic gardens**, by supporting them to develop or improve specific skills relevant to the social and economic development of Brazil in the areas listed below:

- **Urban Transformations** (including human rights, tackling violence, housing, transportation, access to water, immigration, social inclusion and reducing inequalities)
- **Biodiversity** (including climate and environment, biodiversity and valorization of traditional knowledge)
- **Agriculture and food security** (focus on small-scale, sustainable production in rural or traditional areas)
- **Inclusive economy** (including women empowerment, forest economy, fair-trade, entrepreneurship and creative economy in vulnerable territories)
- **Neglected and Infectious Diseases** (Including Zika, Dengue and Chikungunya)
- **Social Science for social and economic development**
- **STEM in Basic Education** (including popularization of sciences, community engagement and non-formal teaching spaces and methodologies)

The programme should be delivered in partnership with an expert counterpart organisation (or individual specialist) in the UK (e.g. counterpart agencies in the same field, universities, non for-profit organisations, specialist research centres, individual researchers/experts). These UK partners should play a central role in the design and delivery of the training programme. A further criterion for the evaluation of the project will be the potential for the training programme to cement a longer-term collaboration relationship between the Brazilian and UK institutions involved.

The British Council, through the Professional Development and Engagement Programme, will co-finance a maximum of 50% of the value of the proposal.

Deadline for submission: **3 April 2017**.

2.23 [HFSP Frontier Research Grants](#)

Guidelines for HPSP 2018 Program Grants and Young Investigator Grants applications are available [HERE](#).

The Human Frontier Science Program (HFSP) supports novel, innovative and interdisciplinary basic research focused on the complex mechanisms of living organisms.

Research Grants are awarded for novel, ground-breaking collaborations involving extensive collaboration among teams of scientists working in different countries and in different disciplines. Two types of grants are available: Young Investigators Grants and Program Grants.

WHO? The Principal Applicant representing the international team must be located in one of the [member countries](#) (neither Brazil nor Colombia are), but participants can be located in any country. Young scientists from anywhere in the world may apply for a fellowship to work in a laboratory in one of the supporting countries. A scientist from one of the member countries can apply to work anywhere in the world.

Application deadline: **20 March 2017**

The Transformations to Sustainability call is supported by São Paulo Research Foundation (FAPESP) and the Belmont Forum selected funding agencies from several countries and by agencies related to the New Opportunities for Research Funding Agency Co-operation in Europe (NORFACE).

3 Brazil

3.1 BRAZIL ([FAPESP](#)) and Belmont Forum New Transformations to Sustainability call

The "Transformations to Sustainability" call for proposals aims to fund basic and applied research by scientists in the State of São Paulo, that will provide scientific basis for actions and policies to be undertaken by governments, private sector and the society at large.

The three main topics that characterise this call are "Governance and institutional dimensions of transformations to sustainability", "Economy and finance of transformations to sustainability", and "Well-being, quality of life, identity, and social and cultural values in relation to transformations to sustainability".

Proponents from the State of São Paulo must be established researchers with Social Sciences or Humanities background and have a proven track record of working in interdisciplinary projects such as the Thematic Projects grants at FAPESP in the topic areas of the proposal.

The call will support collaborative research projects of multinational teams for 36 months, beginning in mid-2018.
